

Aids and scutages: 1302-3 : Aid for getting the king's eldest daughter married : Collectors' account

<This is my attempt at a rough reconstruction of the collectors' account for the aid of 1302-3. There is nothing clever about it. I have simply gone through the 1346-7 account deleting all the passages which seem sure to have originated there. With "held" changed to "holds" throughout, this is the remainder.>
